Metabolomics Reveals Energetic Impairments in *Daphnia magna* Exposed to Diazinon, Malathion and Bisphenol-A

Edward G. Nagato, André J. Simpson, Myrna J. Simpson

**Content**

Supplementary data

**Citation (for article)**

This is supplementary data for an article published in *Aquatic Toxicology*. The final version, copy edited version of the article is available online at: https://doi.org/10.1016/j.aquatox.2015.11.023.

**How to cite TSpace items**

Always cite the published version, so the author(s) will receive recognition through services that track citation counts, e.g. Scopus. If you need to cite the page number of the author manuscript from TSpace because you cannot access the published version, then cite the TSpace version in addition to the published version using the permanent URI (handle) found on the record page.
